[LETTER FROM THE WIFE OF W.E.B. DU BOIS]

Cleopatra Hotel
Midan Al-Tahrir
Cairo, Egypt
Oct. 21, 1968

My dear son:

Please convey to our Black Olympics Game Heroes my heartiest congratulations and my deepest thanks. We out this way salute them for the honor, credit and dignity they have brought to the dark peoples of the world. They proved their worth as fine athletes - then they proved their worth as men and women of courage, determination and high vision. Their Black Power demonstration soared to the skies far above all the Olympic banners, and flags - it was heard around the world far beyond the loudest trumpets.

I greet these young Blacks with joy for myself and for my husband. I can hear His voice hailing them and saying proudly: "Souls of Black Folk, march on, march on towards the Dawn of Our New World!"

We must unite all our efforts against any refusal our enemies may undertake. United we are strong! United we are the world's majority.

I am going to take this matter up with the Afro-Asian Peoples Solidarity Organization for some kind of endorsement.

Please see that this reaches the athletics and the public. You may publish this letter anywhere. I am proud and happy to tell you I am with you ALL THE WAY, FOR BLACK POWER.

ABOUT ELDRIDGE. . .

Eldridge Cleaver, the single most powerful, compelling, and cogent leader for black freedom in the country, is being sought by the combined forces of the city, state, and federal pig agencies. He faces trial in Coakley's kangaroo courthouse in Oakland December 2 on charges of attempted murder of the Oakland Pigs, and if convicted would face life imprisonment. However, if the present escalation of attacks on the Black Panther Party by bigger and fatter layers of pigs increases, Brother Eldridge might not live to go to trial. The writ of habeas corpus which released him from prison granted by Superior Court Judge Raymond Sherwin in Solano County was denied by the District Court of Appeals in San Francisco. The three-pig panel of state judges handed down their verdict to return Eldridge Cleaver to prison in sixty days on September 27 - the very same day Huey P. Newton was sent to prison by Oakland's hatchet pig, Judge Monroe Friedman.

For the past two years that he had been living in San Francisco on parole, the local agents of the California Adult Authority, parole pigs, have been responsible for corralling our leader and denying him his constitutional and human rights as a matter of course. Apparently, the conniving federal, state and city pigs have felt that the chains of parole are too weak for this ex-convict black man and have linked up additional pig agencies to hold him down.

As long as Eldridge Cleaver remains free to lead our revolutionary struggle for human freedom and black liberation, he will continue to stand as a shield between the black community and the racist pig power structure as they direct the full blast of racist repression against him. If these foul swine had succeeded in eliminating Brother Eldridge, our most powerful leader, it would have left the rest of our leadership exposed to the full weight of their onslaught.

ELDRIDGE CLEAVER has become a strong underground leader in the struggle for Black Liberation! AND - ELDRIDGE IS FREE!

The beginning term of "puppet Elchmann" Hayakawa. Confrontation between fascist pigs and strikers. Five arrests were made.

TUESDAY, DEC. 3:

A noon rally was held which was followed with the most brutal and bloody attack by the pigs. Forty-one arrests were made. A substantial number of injuries were also received.

Representatives from the Third World community and strikers held a rally followed by a peaceful demonstration. There was not a confrontation between strikers and the uniformed pigs.

THURSDAY, DEC. 5:

Between four and five hundred members of the community came on SFSC campus to give evidence of support for the strikers. A rally was held which was followed by a march on the Administration building. Again, strikers were indiscriminately clubbed and beaten by the pigs. Arrests were made, including Dr. Carlton B. Goodlett.

FRIDAY, DEC. 6:

Puppet Hayakawa attempted to compromise with the strikers. A rally was held followed by a peaceful demonstration around the campus ground. The strikers proceeded to City Hall to demonstrate the "power of the people" to pig Alton.

3. WE WANT AN END TO THE ROBBERY BY THE WHITE MAN OF
OUR BLACK COMMUNITY.

WE BELIEVE that this racist government has robbed us and now we are
demanding the overdue debt of forty acres and two mules. Forty acres and
two mules was promised 100 years ago as restitution for slave labor and
mass murder of black people. We will accept the payment in currency
which will be distributed to our many communities. The Germans are now
aiding the Jews in Israel for the genocide of the Jewish people. The Ger-
mans murdered six million Jews. The American racist has taken part in the
slaughter of over fifty million black people; therefore, we feel that this is
a modest demand that we make.

MONTREAL: BOBBY SEALE—PANTHERS TAKE CONTROL

by RAYMOND LEWIS

UNIVERSITY STREET 14 Montreal
BLACK PANTHERS, Montreal, Quebec

Montreal was very quiet when college-age BLACK PANTHERS arrived the week-end.

Crowding through a South American jam bar at night and dropping into the big auditorium BLACK PANTHER PARTY is named for, would be a less chilling experience.

"They must not be expecting food like a bunch of babies," said one person.

The BLACK PANTHER PARTY did not attend the Hemisphere Conference to "End the War in Vietnam" at Montreal.

The BLACK PANTHER PARTY dominated it.

"They simply took up and carried around big pieces of the conference with them," admitted a member of the organizing committee.

It should have been a nice week-end, with some 3,000 delegates from numerous Western Hemisphere Anti-War Organizations taking in a glow of friendship, with solidarity emanating from the every facet of the Hemisphere Conference to End the War in Vietnam, held in the beautiful city of Montreal over the Thanksgiving weekend, had been carefully planned to insure tranquility.

But Bobby Seale dealt with them.

Bobby Seale, Chairman of the BLACK PANTHER PARTY, refused to join the "End the War" conference that racist, American pigs were occupying black ghettos with heavily-armed, reactionary dogs in the United States in the same brutal fashion that brain-washed American troops were trying to occupy Viet Nam.

Speaking in his usual commanding and forceful manner, Bobby Seale told the Hemisphere Conference to End the War in Viet Nam that the BLACK PANTHER PARTY was turned to resist police brutality and murder of black people in the same manner that the Vietnamese people were resisting U.S. Imperialist aggression -- by violence if necessary.

"We will resist the racist pigs who are brutalizing and murdering in Viet Nam as well as in America," Bobby Seale stated in his evening address of Black, Third-World, and radical white people.

The Montreal Star Newspaper described Chairman Bobby Seale as the most electrifying black person it had ever witnessed addressing an audience anywhere near the size and scope of the Montreal held "End the War" conference.

At the first conference session, held November 19, at the St. James Church in downtown Montreal, the proposed agenda was set aside to permit reading of a statement issued by the BLACK PANTHER PARTY which read, in part: "Our purpose in attending this conference was a confirmation of our commitment to concrete support of the heroic struggles of the Vietnamese people and of all People's Liberation Struggles -- it was not to hear vague resolutions passed in support of world peace."

"The tone of this conference should be changed from supporting world peace to supporting Third-World Liberation Struggles," the Panthers' statement demanded, "and the title of this conference changed from Hemisphere Conference to End the War in Vietnam to Hemisphere Conference to Defeat American Imperialism!"

Agreement was spontaneous among some 2,000 delegates in attendance, and the BLACK PANTHERS controlled the conference from then to its end. BLACK PANTHERS' Brother Jake of the Baltimore Chapter was elected as its Chairman. A new roster of workshops was substituted for those originally planned, and an

expanded steering committee was formed. The new workshops included such topics as "The Continuing Struggle of Black, Brown, and Yellow People for Survival," and "U.S. Counterinsurgency Techniques Used in Vietnam and Their Relevance to All Liberation Struggles in the Third-World."

Literally, as the delegates to the PANTHERS' leadership of the conference, a delegation of Vietnamese delegates arrived and wholeheartedly gave their support to the BLACK PANTHER PARTY's forceful direction. White radicals and other Third-World workers did not hesitate to amend their demands to reflect the position taken by the BLACK PANTHER PARTY. The PANTHERS' control of Montreal's "End the War" conference made change inevitable.

In his opening address to the conference delegates, Chairman Bobby Seale told why the ideology of the BLACK PANTHER PARTY spans the fabric of a non-violence revolution. Violence, if necessary, was his keynote.

Delegates were reminded that "the Panthers" began to grow in 1966, when a handful of young, revolutionary black brothers agreed that the civil rights movement and the philosophy of non-violence for black people had been transformed once and then set as good as dead.

They for black people in this country were being played by a racist government and endorsed by racist police and racist judges.

(Continued on page 6)

VIOLENCE WAS BOBBY SEALE'S KEYNOTE

BALTIMORE BLACK leader Elijah C. Boyd, Jr. verbalized no nonsense stance of Blacks—Third World caucus who demanded conference focus support on liberation struggles throughout the world—including South Africa, Mozambique, Rhodesia, Latin America, the Middle East, South East Asia, and the ghettos of America.

MONTREAL CONFERENCE ON VIET NAM

(Continued from page 5)

Black people, along with other oppressed people, were left with no choice but to overthrow and destroy the "various scoundrel businessmen," the "pig police forces brutalizing and murdering oppressed people," and the "racist politicians who poison the earth."

Passive resistance, the so-called Negro non-violent movement, had all been very well but it was time to sing "We Shall Overcome" while a policeman was choking you on the head in rhythm with the song. It was necessary to have the courage and conviction to grab the collar of the reactionary dog's hand and beat the hell out of him with it!

It was necessary to pick up the gun.

Shrugging off the term "Negro" -- a word regarded as a symbol of American racism -- a handful of young, Black revolutionary brothers united and began marshalling together other Black brothers and sisters who also sought FREEDOM by any means necessary.

The BLACK PANTHER PARTY suddenly was.

A Ten-Point Program relating to the "wants and beliefs of all Black people" and the right to self-determination came into being which also became the revolutionary goal of the BLACK PANTHER PARTY.

One of the most memorable statements of the BLACK PANTHER PARTY's Minister of Defense, the Honorable Huey P. Newton (now a political prisoner of the racist establishment) is: "The racist dog politicians must withdraw immediately from our communities, cease their warped murder and brutality and torture of Black people, or face the wrath of the armed people."

The pig's trick bag of non-violence had ended.

"Violence must be met with violence," was the BLACK PANTHER PARTY's fervent ideology.

The motto of the BLACK PANTHER PARTY became: "We are advocates of the abolition of war, we do not want war, but we can only be abolished through war, and in order to get rid of the gun it is necessary to take up the gun."

Press reports from the Montreal "End the War Conference" give this description of the BLACK PANTHER PARTY:

"The Panthers are Black right down to their boots. Most are clad in black leather jackets, black boots, and wear black steel-rimmed glasses.

"Beneath the surface is the quiet ferocity of a guerrilla, coupled with the arrogance of a man used to getting his way.

"In fact, many add the same kind of black beret and khaki uniform worn by Cuban guerrilla Ernesto 'Che' Guevara. And they are committed totally to the same end.

"They do not intend to halt until the American Empire and its consequent racism are smashed."

"Everyone falls into two categories," BLACK PANTHER Chairman Bobby Seale told the conference, "you are either part of the problem -- or part of the solution."

Being part of the solution means you're willing to grab a shotgun and take to barricades, KILLING if necessary.

"We will take any steps," Bobby Seale emphasized, "to eliminate the problem."

BOBBY SEALE, CHAIRMAN OF B.P.P.

Being part of the 'problem' meant that you're at the other end of the shotgun. There is no in between.

At any other conference called to "End the War in Viet Nam", the dominant figures would naturally be the ones the war is all about -- Hanoi and Viet Cong delegation, but not in this conference. PANTHER POWER prevailed.

Indeed, these delegations tumultuous ovations beaped with the rhetoric of solidarity. But padding down the middle of the red carpet was Bobby Seale and the members of the BLACK PANTHER PARTY.

Numbers had little to do with it. At the most, there were only ten dozen members of the PANTHERS present -- and that was enough.

No caucus -- radicals, student Vietnamese, or even Quebecers -- made a decision without worrying what the BLACK PANTHERS were thinking.

The Hemispheric Conference to End the War in Viet Nam came to a emotional climax with all American delegates handing their "draft cards" to North Vietnamese and Viet Cong representatives to burn.

With a small bonfire burning on stage, a roving cheer went up from some 2,000 delegates and observers who rose and gave the BLACK PANTHERS a clenched-fist salute -- "PANTHER POWER TO THE VANGUARD!"

COMPLETE TEXT OF BOBBY SEALE'S ADDRESS

Thank you, thank you, human beings.

It's good to be here. To be able to help contribute to a needed unity, of human beings around the world. Revolutionaries, it's good to be here to try to help contribute to this unity. So that we can begin more vigorously than ever before, in the history of mankind and perpetuate the struggle that has been going on by our Vietnamese brothers, and other revolutionaries throughout the world.

To ultimately destroy and in fact overthrow thevaricious businessman, the racist, decadent, demagogic politicians of the world, and the pig police forces, be they in the Black community or in Vietnam; But I'll finish that statement, be they in Venezuela, in the Congo, be they colonial powers everywhere the pig politicians who poison the earth, have got to be removed. And the only way that you remove tyrannical, decadent, capitalist, imperialistic systems, that are headed by the racist government of the United States, is with righteous and for real peoples power, and it's not going to come through by some individualistic power, it's not going to come through by ethnic conflict. It's going to come through by a real unity of some people. Clarifying the meaning of a proper ideology that is caught in the context, that comes out of the context of oppression. The ideology is basic, and it starts from a basic point, and it says that we want to get rid of oppression and all the ideas that come forth. To get rid of oppression is the theory that we developed and then therefore go forth to put that theory into practice. By having this conference, we're come forth in union using one idea, and one means, because there are many other means that we use in our own hands. We've come forth in union to respect some hostile brothers, Vietnamese people, who valiantly fought to defend their land, their home, their people, to remove the racist aggression from Vietnam, for one basic simple thing, that everybody needs and desires, and that's the right to self determination.

So, the Black Panther Party which was organized two years ago, October 1966, founded by our Minister of Defense, Huey P. Newton, the leader of the Black Panther Party, by myself, Brother Bobby Hutton, a righteous brother who was murdered by the racist pigs, and a true Black revolutionary, Brother Eldridge Cleaver.

The Black Panther Party was founded and put together for the basic desire, the same desire that the Vietnamese desire with respect to Black people, being oppressed here in America, that in fact, Black people, Mexican Americans, anybody, should have the right to self determination. This is why Huey P. Newton founded the Black Panther Party.

When in the conflicts of America, one can see, and this is what Huey P. Newton saw, an escalation, that is the doubling, tripling, quadrupling numerically of police forces in every major metropolitan wherever Black people may live, and at the same time, the escalation of forces and bombings and murderous genocide war against people in Vietnam. And we can compare those same genocidal activities with Black people, when we look at our history, we say, that it's very necessary for us to begin to practice, and put into practice, the ideas and theories, to defend ourselves, and to protect ourselves from that aggression, because we began to learn and understand, be we Afro-Americans, be we from Latin America, and our respective countries and places, be we in Africa, Asia, when have you, we began to learn the necessity to resist, and we're telling the pig forces to move out of our community, because they occupy our community like a foreign troop occupies territory. Because we can literally see the pig forces of the racist American government, occupying Vietnam as a foreign troop. Now, this is why Huey P. Newton founded the Black Panther Party. Huey P. Newton was simply fighting from what he observed. He observed pig forces committing murder and genocide right in front of our faces in Vietnam. They had done in many other places before with all their fire-

ed trucks and gasses of neo-fascism and what have you. With Vietnam, with these racist pigs, running dogs of the pig power structure, of brutalizing and murdering, we related to that. That real fact of a bully club crushing our skulls, or of a vicious service revolver beating our flesh, it's a regular army! And it is being doubled and has been being doubled, tripled, and quadrupled where Black people live. These police forces occupy the Black community just like a foreign troop occupies territory.

So it was necessary for Black people to say, begin to say, with the political organization that works in a revolutionary fashion, that you pig forces must be driven out. You are sent in here by the racist local governments, the state, and national governments. Be they national guards or local police. This is barely compared.

So Huey P. Newton said, the Ten Point Platform and Program that's basic to Black people, and outlines their basic desires, and needs of Black people: No. 1. That we want freedom. We want the power to determine our own destiny in our own Black community. No. 2. We want full employment for our people. No. 3. We want decent housing fit for the shelter of human beings. No. 4. We want an end to the robbery of the Black community by the White racistvaricious businessmen. No. 5. We want a decent education that teaches us about the true nature of this racist decadent system. No. 6. Huey P. Newton says, "we definitely want all Black men to be exempt from the military service, because we don't feel that we should be over there, Black people, fighting other peoples of color who never called us 'nigger'!" And No. 7, he says "we want an immediate end to police brutality and murder of Black people. And we believe that we should have organized self defense groups that are dedicated to defending the Black people, in the Black community from the racist police oppressor and suppression, and we will defend ourselves by any means necessary." And No. 8, he says, "that we want all those Black Brothers who are held in federal, state, county, city jails and prisons to be released because they have not had fair and impartial trials. They've been tried by all white racist judges who had no understanding of the average reasoning man in the Black community." We want those Black people released from those prisons and turned over to the Black people in the Black communities. No. 9, we want all Black people, when brought to trial to be tried in a court by a jury of their own people, or people from the particular district, that they come from, because this was defined in the constitution of this great United States that a person should be tried by their peers, but we are being tried by all white racist, decadents. And No. 10. Huey P. Newton says, let's summarize this with a major political objective. Because to summarize this, and pinpoint the basic desires and needs, Huey P. Newton says, we can lay down an understanding to the Black People and to any other people, because we're only following the example of the Vietnamese People. We can lay down to them exactly what we are going to be fighting for because we're ready to pick up the guns and defend ourselves, and it was: We want land, we want bread, we want housing, we want education, we want clothing, we want justice, and we want power. And as our major political objectives, we want a United Nations supervised plebiscite to be held throughout the Black Colony where only the Black colonial subjects will participate in determining Black people's own will and our destiny.

This is what began the Black Panther Party. You've heard many derogatory statements about the Black Panther Party and misinterpretations of what the Black Panther Party is all about. But Huey P. Newton, in October, 1966, took this basic Ten Point Platform and Program of what we want and what we believe, and went to the Black community for over a month and a half. A typical Black community of the San Francisco, Oakland Bay

HUEY NEWTON:

How The Black Panther Party and the community can still set him free from prison

The present operations of exhausting all political and legal means to set Brother Huey P. Newton free can be understood by two ongoing legal moves by our lawyer, Charles R. Garry. These two moves are as follows:

1. Another appeal for bail will be made in the California Supreme Court in a few weeks. The appeal will be published because it will be effective in getting a mistrial which is the second move.

2. A motion for mistrial will be made in the highest court in the land the U.S. Supreme Court. That will take 9 to 12 months.

But Huey P. Newton, our Minister of Defense, has asked (not only the Black Panther Party members but also the community at large who support the fact that he, like many other Black brothers, received a raw deal) that we not get emotionally violent at this time against the racist power structure. He has asked instead that we organize better in the millions and go forth first and voice to the other millions that the U.S. Supreme Court give him his rights which any man deserves.

When we all, black and the many, many thousands of white people who all support, still, that Huey P. Newton **MUST BE SET FREE**, mold ourselves into a more vigorous demanding force, we can get what we all know is right for all black and oppressed people. Read what we all did in the past:

1. Did you millions of people know that by the mere fact that you argued with someone about the fact that **HUEY P. NEWTON MUST BE SET FREE**, that is itself definitely helped in keeping Huey from being sent to the gas chamber. That by attending rallies and showing

your standing support in thousands across the nation during the whole campaign, you actually helped not only to keep Huey out of the gas chamber but kept him from being sent to prison for from 20 years to life. Reading information about the truth is one thing and this is a very intelligent thing to do. But let us go forward, because the battle isn't over when the racist power structure tells that they have "convicted" Huey for "murder", especially when we are intelligent enough to see that we millions want long overdue justice to come now see that it was in fact a third degree murder charge that the jury compromised on. When the power structure says, "We have convicted Huey Newton, they are only trying to get the millions of people to support and want justice to think that we, the people, might as well give up. But never in modern day history has such a national and international campaign been waged against this racist system of not justice, but against injustices. We millions are the real victors in keeping Huey out of the gas chamber or from life imprisonment. But, as I've tried to explain, the battle isn't over. We millions of people must put pressure upon the racist systems from the local supreme courts in California to the highest court in the land, the U.S. Supreme Court. Write a letter to Thurgood Marshall and let him know now that we ain't going for no white tamming, and we people don't like what he helped do in California. Let him know that either he's a part of the problem facing Black people and other poor and oppressed people, or he's a part of the solution. And the only way we see him set action is a manner of serving this racist, rotten power structure is by being part of the solution and by making sure that Huey P. Newton be granted a mistrial. With the constant unity of the people, we will not only see Huey free, but the world.

.... VIVA HUEY P. NEWTON! VIVA ELIJAH MUHAMMAD!
Bobby Seale, Chairman, BPP.

BOBBY SEALE'S MONTREAL ADDRESS

from page 6

Arms, and spoke to over one thousand normal basic, average everyday Black people. Old mothers, fathers who worked, some of those who were on parole that had been to prison and some of those who are going to courts, high school, college boys and over 1,000 people to take a pubescent, we only got one disagreement for one person.

Now, that's what started the Black Panther Party. That basic ideology. Those basic political desires and needs, that the people can relate to. That's why the Black Panther Party, in fact is a peoples party, a Black peoples party, that relates to the people their desires and needs. And the people basically told us that, yes, we would like to have that kind of organization. But, without implementing revolutionary principles that we learned, and other factors, without implementing many of these programs and beginning to implement some aspects of these programs, it would only be an idea on paper.

So Huey P. Newton says, that we're going to get some guns, and those racist pig policemen, who are in our community and occupying our community like a foreign troop and committing brutality and oppression and murder in our community, we're going to begin to patrol them with guns. If they've got double 0 buckshot and shotguns, we're going to have double 0 buckshot and shotguns.

And Huey P. Newton said if they've got 387 magnum, we're going to have 387 magnum. And we're going to patrol them in the community, to educate the people as to how we're implementing point No. 7, that we want an immediate end to police brutality and murder of Black people, and believe that we should have self defense groups in our Black communities that defend us against racist police brutality and oppression.

What was the Black Panther Party doing? We were doing no more than what the Vietnamese people were doing. Defending themselves against the racist occupation, against the oppression on the part of this racist U.S. government. That's all the Black Panther Party was doing. Like any other revolutionary front must do — defending ourselves. They will make a law and say you have no right to defend yourselves. We say that the oppressor have no laws and no rights that the oppressed are bound to respect. We cannot respect it.

Power To The People, Power! All Power To All The People. Let me clap for you, I'm going to clap for you, you're the heroes. The unity has to come from the people. I'm going to clap for the people! This clap is for you.

In unity, we can destroy imperialism. Ideology must be consistent. Just remember the ideology that we're developing comes out of a practical situation, that exists. Huey P. Newton said that power is the ability to define phenomenon and make it act in a desired manner. (Wait a minute). Huey P. Newton says that power is the ability to define phenomenon and make it act in a desired manner. Phenomena. What is the phenomenal situation as it affects the people, as it affects Black people, as it affects people in the world anywhere. It's that real oppression.

Now, do the people have the ability to define the real situation as it exists, to define the social situation as it affects them. When we say Black Power, we are talking about how this racist oppressive system affects us. That's a very phenomenal thing when we speak of 400 years of oppression that Black people have been living in. It's a very phenomenal thing when we look at his story and look at the present and see all the oppression and the tyranny, tyrannical activity of genocide and atrocities committed against the people all over the world.

We have the ability, people, to define the situation. But Huey P. Newton says, "Let's do like the Vietnamese. Let's organize, and have the ability to make the racist oppressive system act in a desired manner." And how do you do that? If the pig walks up to you, with a billy club and beats your head while you sing, we shall overcome, and he keeps a tune to the beat of the song, with the billy club on your head, you're not making him act in a desired manner. But if you reach up, and grab that billy club and beat him across the head, and stop him from beating your head, then he is acting in a desired manner.

So, People, People's Power. You're tired of oppression, you're tired of the ruthless activities around this world, regardless of what your land is, what your ethnic group is, what your . . . just people unified. Having the ability to define the situation, and coming here and gathering here, is beginning to put together your ability . . . the peoples ability, the peoples power to make this racist tyrant who has raped the world, to make him like the Vietnamese has so valiantly done in Vietnam. To make this racist tyrant, the U.S. aggressor act in a desired manner. It's time that we begin to stand up in some form of unity. To stand with the Vietnamese as we are doing and are going to do. Our struggle, the peoples struggle, is to place upon the face of this earth, a world of true safety, security, and happiness.

Now, wait a minute. They used to teach this stuff to me, try to brainwash me. Do you know what they say? A government of the people, by the people, and for the people. They used to brainwash me. They would teach this in school. But we grow up and we learn. It's a government of the pig, by the pig, and for the pig. (Wait a minute. Wait one minute). There are many, many kinds of pigs and there are many, many lackeys and stuff like this. There are many Toms and things like this and the pig power structure used these.

Now, we know, that the pig power structure is a problem. A problem that we have to solve because we understand, we can define the situation. So, what we begin to look at this, if we want a government of the people, by the people, and for the people, and we see we don't have this, then we will have to go forth to see that we get this. There is a problem.

The only thing that we can say to ourselves, and we must make this choice that either I'm part of the problem, or I'm part of the solution to the problem. I'm asking, representing the Black Panther Party and speaking, trying to represent my Black brothers and sisters, that we go forth and make the choice that we're going to be, in fact part of the solution to the problem, to the end of the war in Vietnam to the end of the rampant genocidal activity that's going across the world. To the end of even the war against Black people and Mexican Americans, to even end of the war, even against the White hipsters and the leftist and those who are looking for much individual freedom, to an end to all this. We want an end to that, we have a problem, we want a government of the people, by the people, and for the people, just like they said. Just like they taught me, I believe in that. We want self determination, peoples everywhere in the world want self determination. Everywhere, revolutionary fronts are everywhere. So the revolutionary front of the Black Panther Party has set forth, we give the credit to those Black brothers here, and other revolutionaries in the world, you are the heroes, we must spread some kind of unity, we have to stand in some kind of unity at all times, correct our ideology and make sure our ideology is grossly against oppression **POWER TO ALL THE PEOPLE, BLACK POWER TO BLACK PEOPLE, MEXICAN AMERICAN POWER, . . . just "POWER TO ALL THE PEOPLE, YELLOW POWER TO THE VIETNAMESE PEOPLE, PANTHER POWER TO THE PANTHER PEOPLE, YIPPIE POWER TO THE YIPPIE PEOPLE AND . . . THANK YOU! THANK YOU! POWER TO ALL THE PEOPLE . . . LET'S STAND TOGETHER IN UNITY.** I have no more to say. **"YOU ARE THE HEROES," POWER TO THE PEOPLE.**

Dear Sir:

I have been unable to obtain the address of the Party as I wish to express my gratitude for the action taken after the unnecessary killing of my 20 yr. old son at Washington & Ridondo Blvd. November 22, 1968. Will you please forward my address to them, as I wish to help.

OAKLAND CHIEF PIGS

with it: The Knowland Machine.

Big City political machines are as much a part of American history and politics as the slaughter of the Indians; the armed seizure of land from the Mexicans; the brutal enslavement of Africans; and the present exploitation of the majority of people in the country along racial or class lines or both. To quote Rap Brown, machine politics, with all its gangsterism and fraud-like violence itself, is an American as cherry pie.

As was pointed out in last week's **BLACK PANTHER**, New York City was the first major American metropolis to be caught in the grip of heavy-handed machine politics. At the same time as Reconstruction was being attempted in the South, under the vacillating leadership of the Republican Party, the Democratic Party was beginning, in New York City, to gain control of the political apparatus of the northern industrial areas. It was during this immediate post-Civil War period that Tammany Hall, headed then by Boss Tweed, began bribing, strong-arming and even murdering its way into the chambers of the City Hall. And the legacy of Tweed and Tammany continued, with only minor interruptions, to provide over the corrupt manipulations of New York City politics, until 1966 when "liberal" Republican John Lindsay swamped the Democratic candidate, Beame, and broke up much of the remaining hold that the Democratic Party machine still had over New York City politics.

Meanwhile, in Chicago, the Democratic Party had entrenched itself in power through even more ruthless tactics—ganging up at dinner with the Mafia to eliminate political opponents and using the civil service system in the city to build up a crew of precinct workers that could be relied on to get out the vote for the Democrats at election time, and keep the people in their district under control in between elections. It is a well known fact that the Democratic Party machine in Chicago, now headed by Mayor Richard J. Daley, still works openly with syndicated crime in the City, and in recent years, especially in the black community where resistance to their gangster operation is the strongest, political candidates have been shot to death for opposing the Machine. It is also a fact that in 1960 Mayor Daley—the "law and order" freak—used his political machine to steal the presidential election for John F. Kennedy. It was in Illinois that Kennedy finally won the election and, after the votes had come in from the farming areas of the state, which are largely Republican, Mayor Daley simply stuffed enough votes into the Chicago ballot boxes to overcome Nixon's lead over Kennedy. This year Daley tried to do the same thing for Hubert Humphrey-Samp, but the Republicans had learned their lesson and played a little slicker: they held back some of the votes they controlled in the farm areas, until after Daley stuffed the Chicago ballot boxes and then the Republicans did some stuffing of their own in the farm communities and reported in enough votes to overcome even Daley's phony votes. So, again this year, the election was finally decided in Illinois, only this time the Republicans outstepped the Democrats.

While Big City politics in the western part of the country has never been quite so crude as in the eastern ding-hoops of New York and Chicago, western cities have also been largely in the grip of the Democratic Party. Los Angeles and San Francisco have traditionally had Democratic Mayors, Assemblymen, Congressmen, etc. There are several reasons for this, but the main one is the camouflage that the Democratic Party has provided for the big business Pigs who rule this country, and much of the world, with almost unbelievable tyranny and therefore need a cover for their crimes. The Democratic Party, especially since the regime of Franklin Roosevelt, has been the instrument used by this criminal class of big businessmen to trick black people and working people—the majority of the people who live in the big cities—into believing that, despite everything, they still had "a friend in City Hall."

But there is one large western city where this formula has not been applied. Since before World War II, the city of Oakland has been run, almost without interruption, by a Republican regime, whose power was directed from the tower of the Oakland **TRIBUNE** building by the family of Joseph and William Knowland. They have not even bothered to try to convince the people under their oppressive boots that they have a voice in the political decisions that come down on their heads. Elections for City Council and School Board have been rigged for at least 20 years by the Knowlands, to make sure that these institutions continue to protect their interests in the City. The way it works is this: whenever a member of either the School Board or City Council decides to step down, or is ordered to do so—the result in between elections, so that the other members of the body, who are all part of the Knowland machine, can appoint another Knowland family to take his place. Then this new puppet can run for election as an incumbent, whose name is already known, which gives him a tremendous advantage over anyone who tries to oppose him. So, over the past twenty years in Oakland, less than 10 members of the School Board and City Council have first taken office by being elected—all the rest have been appointed into office to continue the rule of the Knowland clique.

Let's look at the most criminal example of this racket: In April, 1968 Mayor John Charles Houlihan mysteriously resigned from office, a few weeks later it came out that Houlihan had been caught screwing almost 500,000 from the estate of a woman by the name of Susie Whitlock. With this scandal out in the open, did the Knowland machine try to cool its heels for a while and leave the Mayor's spot open until the next election, less than a year away? Did court a race? Almost immediately, another Knowland man, John Knowling, former of "Pete Tassler" in Oakland, was appointed to picking where Houlihan left off. And, although he started out by pretending to be the friend of the "community" in the city, Knowling was soon found to show his hand, and it was no doubt on all the Knowland men who had gone before him. In May, 1969, the neo-fascist advisory council of the poverty program in Oakland—made up of the poor people themselves—was given to see to a public review board to try to bring Oakland's drug law enforcement system down a lot of four-fifths, meaning, well, roughly, and so, along with the rest of the Knowland-controlled City Council, turned the proposal for a review board.

BEFORE WE TALK
OF RECONSTRUCTION,
LET'S ACCOMPLISH
THE RUINS...

And this year, the Knowland machine faced another serious crisis. A number of other interests in Oakland—including the very powerful Keller family, about which we'll have more to say next week—succeeded in getting a proposition on the ballot in November which would have provided for district elections to the City Council. This would have meant, for example, that only the people in West Oakland would vote for the West Oakland councilman and it would have meant that several black people would have been elected each year to the City Council. This district system would make it much harder for Knowland to control the entire council. As it is now, with everyone in Oakland voting for all the Council candidates, Knowland can use the **TRIBUNE**, the only newspaper, to control the whole show. But, with the city divided into districts, a city-wide newspaper monopoly would have far less power. So what did Knowland do? He simply used the power of the **TRIBUNE** to get the proposition off the board. By doing this, however, he only succeeded in buying time and actually helped to dig his own grave. Oakland is now slower the clock and Mexican-American within ten to 15 years black people and Chinese will have a majority in the city and will then be able to vote against Knowland to control the entire city council, instead of just two of three seats.

But Knowland's power is not limited to the Oakland L.A. Government. In last week's article a judge by the name of John J. Allen was mentioned as the crank who gave the Knowland's the power to gain monopoly control of the **TRIBUNE** in 1933. Well, only a years later, Judge Allen's son, John J. Allen was elected to Congress on the Republican ticket, and guess, dear man reader, how big a factor was the strong backing he received from the same OAKLAND **TRIBUNE** that his father had delivered back, back into all the streets... into the hands of the Knowlands. Allen stayed in Congress for two years because of the powerful backing of the **TRIBUNE**, and even Knowland could not save him any longer and Allen went down to defeat at the hands of the previous Congressman, Democrat Jeffery Cabotus (and what Huey P. is the recent situation). McGILL STUDENTS OUT ON STRIKE

MONTREAL — After two months of bargaining and discussions with their teachers, McGill University students in political science have gone out on strike. They are boycotting classes and have occupied a building.

The students want courses that do not merely describe the status quo and have already begun counter-courses.

They are demanding access to faculty meetings, to departmental decision-making bodies, and to the official bodies that appoint professors.

Begin Nov. 26, the strike reportedly has 100% support from within the department.

Oak's Chief Pigs

Mr. Knowland's game was out for sport by the tale of Luther Smith, Earl Allen. In the meantime, he had put a dog on a leash for his criminal intent. In fact, the Mulford, from Piedmont, was elected to the Assembly from the 10th District, which spans to Piedmont and parts of Oakland and Berkeley, including much of the campus community. Over the past ten years, Mulford has done his work well for Knowland. Over and over again he has pushed through bills that have attacked the land of the police in Berkeley, Berkeley and Oakland, appointed people, it was Mulford who introduced the bill that became section 240 of the California Penal Code, which makes it a felony to assault a police officer. Before this an assault on a police officer fell into the same misdemeanor category as an assault on any other citizen. Since the Mulford bill passed, however, police have increasingly charged anyone who offered even limited resistance to arrest with felony assault. And, what is far worse, whenever police beat someone--on the streets, in their homes, or in the police stations--they turn around and charge the victim of their misadventure with felony assault or a rape. This is exactly what happened to the family of Luther Smith in April of 1969: twenty pigs kicked down the door to their home and beat up the entire family, and then arrested Mr. Smith and his two sons for felony assault on the twenty pigs! The same thing also happened to several demonstrators at the Oakland Industrial Center in October, 1967. At least two of the leaders of the demonstration--Steve Hamilton and Robert Mandel--were charged with felony assault on a "police officer", after they attempted to defend victims of aggravated assault by pig-cops -- in both cases the victims were women. In Mandel's case, it was his own wife. And in all this it is important that it was Mulford, backed up by William Knowland, who made it possible for this garbage to be put into law.

And, of course, it was Mulford, who, in 1965, introduced the bill, aimed directly at the Black Panther Party, which made it illegal to carry loaded guns within the city limits. Mulford--writing on orders from Knowland, who was concerned about the inability of his Oakland police department to brutalize and terrorize black people in the face of armed Panther patrols--told his accomplices in the Assembly that the pig departments of the Bay Area to back up this claim. Then, on Black Panther Day, May 2, 1967, when Chairman Bobby Seale and 25 other Panthers were led into the Assembly Chamber by newsmen and cameramen, Mulford leaped to the microphone and shouted that "A very serious incident has just occurred. A group of armed men has just invaded the Assembly." He claimed that the Panthers were trying to intimidate him--when the truth was that his bill was aimed at helping the police better rule the black community. The bill was passed and left away the Oakland Pig Department stepped up its terror against the black community in general and the Black Panther Party in particular. For example, in the two months before the murder of Bobby Hutton, on April 5, 1968, 6 black youths--all under 25, were murdered by Oakland pigs. And, once again, it was Mulford, backed up and spurred on by William Knowland, who had made this murder easier for the pigs.

In the meantime, Mulford had also acted against the students at the University of California. In the spring of 1968, after the Free Speech Movement had won for students the right to organize on their campus in support of what was then the civil rights movement, Mulford introduced another bill which gave the University administration the power to order "non-student troublemakers" off campus and have them arrested if they refused to leave. This was a very handy law for the University administration. Now all they had to do was kick any student movement leader out of school and then arrest him if he showed up on campus to continue fighting for student rights. So, for example, in April, 1968, Steve Hamilton, then one of the leaders of the student movement, was kicked out of school for organizing student opposition to the provostial war against the Vietnamese people. Then, six months later, he was arrested on the Berkeley campus, as a "troublemaker" for participating in a demonstration against Marine Corps recruitment on the University campus. And, once more, it was Mulford, acting in behalf of William Knowland, that gave the University administration the power to move against the student movement.

The Knowland does not rely only on lawmakers to oppress the people and keep him in power; he also has a hold on the so-called law enforcers. So, District Attorney J. Francis Coakley, is part of the Knowland machine. Coakley first came into the public spotlight--and caught the eye of the Knowland emperors--during the war. He was then a busy prosecutor, stationed at the Shattucks in Vallejo. And, when a ship blew up killing several workers and injuring scores more, and the rest of the shipboarders, most of them black, refused after that to board the ship because it was obviously unsafe, Coakley viciously prosecuted them, calling them cowards and traitors. Coakley got his blood--convictions and sentences as high as 70 years.

This kind of made-dog racist must have warmed the heart of Knowland, because shortly after the war, Coakley joined the District Attorney's staff and soon became head District Attorney, remembering that Earl Warren started his career this way, with a big boost from William Knowland's father, Joseph. And Coakley--who is known to be a near alcoholic on top of everything else--did and disapproved village Knowland's last for blood. In the 1950s, he prosecuted Jerry Brown, an 18 year old black blue-skin man, for murder; and after ending up with several long prison terms, he finally got Brown convicted of armed robbery. During the trials, Coakley, according to his own admission, planted a microphone in Newton's cell to overhear conversations between Newton and his lawyers--conversations which, by law, are supposed to be private. And, although he could not get Brown convicted for murder, each year, Coakley would send out a vicious letter to the Arab Nationalist, informing that criminal body that even though, technically Newton had only been found guilty of armed robbery, he was actually guilty of murder and his requests for parole should take this into consideration. And, with the struggles of black people, students and other opponents of the power structure reaching new heights in the 1960s, Coakley has had a third day. It was Coakley who prosecuted the Free Speech Movement demonstrators in 1964; Coakley, who prosecuted Mark Conforti, a civil rights leader and one of the 25 who went to Sacramento on May 2, 1967; Coakley who prosecuted Luther Smith and his family in 1969; Coakley who prosecuted Ruby Newton in 1967 and 1968; Coakley who is preparing to prosecute Edridge Cleaver, David Hilliard and the other Panthers who were attacked by Oakland police on April 6, 1968; and Coakley who is

preparing to prosecute the leaders of last year's anti-draft demonstration in Oakland. And behind Coakley is all this for know William Knowland.

But Knowland does not think himself to control of the District Attorney's office. He even had judge's under his thumb. The best example is mad-man Malcolm Champion, the former FBI man and current American Legionnaire, Champion, a right-wing, racist reactionary from the word go, ran for Congress on the Republican ticket in 1966. He was badly beaten, even though he had the support of the JUDICIAL, but he satisfied Knowland that he was truly loyal to the principles of racism and exploitation that the Knowland empire embodies. So, after Governor Reagan was elected in 1966 and he began to pay out the favors he owed to his big backers, Knowland was one of the first in line. And, when a vacancy opened up in the Oakland Municipal Court, Reagan, at the bidding of Knowland--appointed Malcolm Champion to fill the vacancy. (Champion's court should be avoided at all costs by anyone who is not a fervent admirer of Knowland and his plantation owner mentality.)

We could go on and on, but it should be clear by now that Knowland is the most powerful man in Oakland and that he uses his political machinery to oppress black people, Mexican-Americans, working people, students and anyone else who is struggling for an end to the brutal exploitation upon which blood-suckers like Knowland survive. There are, however, two and potentially even more powerful forces of opposition on the horizon, seeking to push Knowland aside and run a more modern, third party on the same people Knowland has been victimizing. In a way, these ones, led by Edgar Kaiser, are an even greater danger than Knowland, because they are not so direct or crude in their crimes. So, next week, in the final part of this article, we will look into this new big business gangster clique and reveal both who they are and how they plan to pull their game on the people.

"POLITICAL POWER
GROWS OUT OF THE
BARREL OF A GUN."

POCKET LAWYER OF LEGAL FIRST AID

This pocket lawyer is provided as a means of keeping black people up to date on their rights. We are always the first to be arrested and the racist police forces are constantly trying to pretend that rights are extended equally to all people. Cut this out, brothers and sisters, and carry it with you. Until we arm ourselves to righteously take care of our own, the pocket lawyer is what's happening.

1. If you are stopped and/or arrested by the police, you may remain silent, you do not have to answer any questions about alleged crimes, you should provide your name and address only if requested (although it is not absolutely clear that you must do so.) But then do so, and on all time remember the fifth amendment.

2. If a police officer is not in uniform, ask him to show his identification. He has no authority over you unless he properly identifies himself. Beware of persons posing as police officers. Always get his badge number and his name.

3. Police have no right to search your car or your home unless they have a search warrant, probable cause or your consent. They may conduct no exploratory search, that is, one for evidence of crime generally or for evidence of a crime unconnected with the one you are being questioned about. (Thus, a stop for an auto violation does not give the right to search the auto.) You are not required to consent to a search; therefore, you should not consent and should state clearly and unequivocally that you do not consent, in front of witnesses if possible. If you do not consent, the police will have the burden in court of showing probable cause. Aren't you corrected later.

4. You may not resist arrest forcibly or by going limp, even if you are innocent. To do so is a separate crime of which you can be convicted even if you are acquitted of the original charge. Do not resist arrest under any circumstances.

5. If you are stopped and/or arrested, the police may search you by patting you on the outside of your clothing. You can be stripped of your personal possessions. Do not carry anything that includes the name of your employer or friends.

7. Do not engage in "friendly" conversation with officers on the way to or at the station. Once you are arrested, there is little likelihood that anything you say will get you released.

8. As soon as you have been booked, you have the right to complete at least two phone calls--one to a relative, friend or attorney, the other to a bail bondsman. If you can, call the Black Panther Party, 654-2003, and the Party will post bail if possible.

9. You must be allowed to hire and see an attorney immediately.

10. You do not have to give any statement to the police, nor do you have to sign any statement you might give them, and therefore you should not sign anything. Take the Fifth and Fourteenth Amendments, because you cannot be forced to testify against yourself.

11. You must be allowed to post bail in most cases, but you must be able to pay the bail bondsman's fee. If you cannot pay the fee, you may ask the judge to release you from custody without bail or to lower your bail, but he does not have to do so.

12. The police must bring you into court or release you within 48 hours after your arrest (unless the time falls on a week-end or a holiday, and they must bring you before a judge the first day court is in session.)

13. If you do not have the money to hire an attorney, immediately ask the police to get you an attorney without charge.

14. If you have the money to hire a private attorney, but do not know of one, call the National Lawyers' Guild or the Alameda County Bar Association (or the Bar Association of your county) and furnish you with the name of an attorney who practices criminal law.

LETTER:

Repudiates Dr. Berg's Perspectives

Herkley, California
December 12, 1968

To the Editor:

Dr. Paul S. D. Berg's letter to the Editor (Dec. 7, 1968) in which he objects to the Black Panthers' revolutionary stand on the Arab-Israeli question calls for some comment.

In the first place, Dr. Berg's direct to work against the Panthers if they did not change their anti-Israeli stand is an act which dangerously borders on blackmail. It is quite evident that Dr. Berg's loyalty to a foreign state -- Israel -- is so much stronger than his commitment to the establishment of a just society here in America (which is after all Dr. Berg's own country, need I remind him?) that his whole claim of identification with the cause of the black Panthers must indeed be viewed with suspicion.

It is perhaps worth noting that Dr. Berg's not-to-disguised threat to the Panthers is only a manifestation of a much wider campaign launched by Zionists and their apologists in this country in order to bribe, silence, or otherwise discredit all those who express any criticism of the State of Israel. It is only natural that revolutionary groups in this country, and particularly those movements which represent the black liberation struggle, be the prime targets of such a sinister campaign. The reason is obvious. These revolutionary groups, in their fight against colonialism and oppression here in America, find a common bond and strong identification with the oppressed peoples of Africa, Asia and Latin America, and this inevitably includes the Arab people of Palestine who have been struggling against far self-determination of their land and up to self-determination.

As to Israel's alliance with Western imperialism, the point is so obvious that it hardly needs any documentation. May I simply remind Dr. Berg that it was British imperialism which first promised and then handed over to the Zionists a land which belonged to neither of these groups, but had been inhabited for centuries by an Arab population. Thus the Zionists, conquest of Palestine, their reputation of the native Arab population, their establishment of a state based on racial exclusiveness, and their state's continued expansion into Arab territory is suspiciously similar to the colonization of Algeria by the French, South Africa and Rhodesia by the white Europeans and the colonization of the Black communities here in America by the white power structure. It was therefore logical that Israel would support the French in Algeria, and the U. S. policy in Vietnam. Furthermore Israel has continued to support reactionary governments in Africa, and twice in the last twelve years wastefully attacked an African country, Egypt, with the support of British airplanes. In the Western imperialist countries. On the other hand, the Arab Palestinian freedom fighters have received and continue to receive the full support of ALL the revolutionary movements throughout the world.

I hope that these remarks will help Dr. Berg better understand the wider perspective within which the Black liberation struggle operates. Now, given this perspective, I would like to ask whether or not Dr. Berg is still with the Panthers or is he going to work against them?

Yours very truly,
George T. Abed

Beautiful Panther Sister:

Thanks for your note of Aug. 27th and the copies of the paper which I have been receiving (and sharing with my 'housemates' and a few friendly neighbors).

We too are increasingly horrified at the illegal and brutal attacks upon your members all over the country, by police and revolutionaries. We admire your courage and respect your work. Enclosed check for \$10 toward your struggle. I should welcome receiving a copy of Huey Newton's 'Seize It' for \$1 of this.

Dear friends, we wish you

too know that we are in that struggle for our own liberation - and as 'white' women, we must try to explain to our fellow - 'whites' that the liberation struggle is not, as for all 'colored' and Black, the police is just as much to jail as the prisoner and the invisible chains on mind and heart are just as harmful as the actual chains on wrists or ankles... We are trying to help our neighbors understand that ALL of us are involved in the struggle against war, militarism, fascism, and a police state, and it will take ALL of us to win a good life with justice and love for all humans...

We do not like the use of the word 'pig' for 'motherfucker' or

the other epithets for cops, because they tend to obscure the real issue... Just we too feel that pigs are useful and 'good' animals and should not be harassed by having their name used to denote a brutal cop. Let's use adjectives like vicious, racist, dirty, animal, for HUMANE THINGS who are these things - and let the animal and bird words have their dignity too! OK?

We wish Eldridge Cleaver well... We hope for the freeing of Huey Newton and for his safety while he is in the hands of the enemy. We admire what Bobby Seale did at Montreal to keep the bombing that almost wrecked

that conference before it got off the ground. We are old (in our 70s) and not very well and have little energy to go places and even to write letters - but we are trying to do what we can, for your struggle, for the young draft-resisters, etc.

For years we have been signing our letters --

Edna, Shadine,
we give thanks for you --

NEW YORK

NEW YORK -- Friday was the day after Thanksgiving and it would have been a holiday if the teachers hadn't been on strike for seven weeks. They wanted to make back the money they lost and, as always, the students were the ones who had to pay.

Friday was the day after Thanksgiving and 1,000 students stood outside Van Buren High School and shouted "No!" Friday was the day the students at Boys' High ran into the streets and said we're not going to work off a racist strike. Friday was the day 47% of New York's 300,000 high school students boycotted their schools.

Monday, Dec. 2, at noon, 1,500 students rallied in Greenwich Village's Washington Square. The signs were uprisings and tried to refuse to let us march out of the park. We took the subway out to Queens Hill - Breezewood in Brooklyn to show our solidarity with the community out there and to protest the compensation of the community-controlled governing board. The cops charged in, swinging clubs, drooling steaming at the delicious thought of beating on some bippies and niggers. They picked the wrong group, high school students have been stepped on over too often. Battles and cuffs were down with the niggers. (The time is right for fighting in the streets) -- (Jack Jagger)

By Tuesday everybody knew the demands of the strike -- eliminate the 45 extra minutes of school-time every day, and the extra school days, and give the students power over the decisions (like the strike settlement) which affect us. Fifteen hundred students changed from one subway station to the next New York station of Brooklyn, including the tunnels. Four hundred students from the predominantly black Lane H.S. picketed their school and they avoided another subway station. Two hundred students swarmed into still another station.

From Washington Square, about 1,500 students were led up to City College. We thought we were going out to Queens Hill but it turned out that the people with the big banner (also we were all following) wanted us to go up to City College to hear Stokely Carmichael. It was the most gloriously angry crowd I've ever been a part of but everyone was all hung up on following leaders. Once we got up there about 500 of us decided to try to liberate Music and Art H.s., down the block. Somehow we got stopped by the "leaders" again. Probably, some sort of behind the scenes bargaining was down. Because the word was definitely out to keep out that day, and no more radicals got to the microphone. Later, 500 students from Breezewood H.S., came sweeping up from mid-Manhattan, but nothing was happening, so we all went inside and dug Satchel's speech.

Wednesday, Dec. 4, was wet. The rain really slowed us down, and it gave the authorities a chance to start the repression. About 75 students were arrested, everyone they recognized was called down and suspended, public address systems crackled out announcements about proper channels and punishment, and 60 patrol officers were sent to "they" schools.

Of course, they still can't understand that it's not the 45-minute extra school-time we raised about -- it's the whole system.

WORKERS STRIKE

NEW YORK --- Some 20,000 electricity and gas workers in New York, the United States, began a strike for higher wages last week.

The strike reflects the deepening class contradictions in the United States. As a result of inflation and skyrocketing commodity prices, the real wages of American workers are declining steadily.

The reactionary monopolies are doing their utmost to sabotage the electricity and gas workers' strike. The monopoly capitalists are now forcing some 4,000 management staff members to take charge of the work of the strikers and trying to undermine the strike through such trade unions. However, defying intimidation and deception, the electricity and gas workers are persisting in their strike.

Recently, sanitation, telephone and delivery workers in New York joined them in succession.

ORANGEBURG REMEMBERED

ORANGEBURG, S.C. -- A hundred black students from South Carolina State College chased black power slogans at a two-hour protest march at the South Carolina State Highway jail headquarters last week.

The demonstration was staged to protest the Federal Grand Jury's refusal earlier this month to indict nine armed highway patrolmen in the slaying of three black students last February on the campus of the college in Orangeburg.

The students, members of the Black Voiceless Coordinating Committee, said investigations that both whites and blacks would die in the next demonstration.

MACE: A SECRET INGREDIENT

NEW YORK (LBS) -- A number of radical scientists believe they may have discovered the secret active ingredient of MACE. The suspect is DMSO -- dimethylsulfoxide, whose formula is CH3SOCH3. This is a dipolar aprotic solvent, which means that unlike water, it tends to accept rather than donate protons, or hydrogen ions to chemicals dissolved in it. A few years ago, when paper companies were producing DMSO as an unused by-product, it was discovered that the chemical penetrated epidermal tissues very rapidly.

One amazing side of this is that you taste the chemical after you have dipped your hand in it: the sulfur taste stimulates the taste buds through the blood supply after crossing the skin into the blood.

A not-so-amazing aspect is the fact that chemicals that are ordinarily rejected by the skin (such as local anesthetics, tear gases, etc.) may be carried through to their targets (the little nerve endings and receptors in the skin layers) by DMSO.

About two years ago, inquiries were made about the harmful side effects of the medical use of DMSO passing them information of the skin and lesions of the cornea; and the product was medically restricted, but it may still be used in riot control agents.

The contents of MACE are not public and since MACE is a spray and not a cloud agent, the sun-pickle artist that DMSO is used in MACE in order to enhance its strength.

RADICAL MEDIA CONFERENCE

MINN. N. Wise, -- The radical media had its first coming together Nov. 24-Dec. 1 in Madison. The underground press had met two times before, but at Madison something became clearly there is more underground press -- the media of the revolution is fully evolving.

The underground press met three times. In the early summer of 1968 in San Francisco, at the Reagan march late October, and this past summer in Iowa City. Those three meetings were feeble if important groupings, full of banals and prophetic utterances. They featured mammoth splits between political and mystical -- there was little common ground just common enemy.

The Madison conference, by far the largest of the three, was a coming together of revolutionaries. Differences were racialist, stylistic, but we had that common ground -- we were all seeking a revolution in America.

The factor factor which set Madison apart from previous conferences, was its success. The success of a beginning. Previous conferences were discouraging -- pre-tribe trappings offered little hope.

Between 300 and 350 people attended the Madison conference, representing over 60 media groups. Representation was primarily from the West Coast and Midwest, with several southern and west coast papers attending. The Newstreet project, with more of its people from New York and San Francisco, was the largest group, with over 50 members present. It was also the instigator of much debate and a focal point for controversy and some resentment.

Newstreet played a dominant role for several reasons. It was the largest coherent grouping. Members of Newstreet are politically sophisticated, have worked one their skills together for some time. Although the group is divided on different issues, individuals tend to have strong political positions and appear, especially to people new to radical politics, to be rather dogmatic.

Letter About Israel; Rebuttal to Dr. Berg's letter

San Francisco, California
December 10, 1968

To the Editors:

The Israeli government with its heavy dependence on the U.S. economy represents U.S. neo-colonial interests in the Middle East. However, many in the Left are still making political analyses on an emotional level. The now political objection to the war of aggression in Vietnam was originally emotional appeal here which had a correct political basis. The civil rights movement was emotional too in the sense of liberation movement. For when many people look at Israel, the emotional response to the massacre of WW II are a built-up Zionism, advocates racial segregation, a Jewish state. The Israeli government was built like the American one was. It displaced a population illegally, confiscated land belonging to others and has built an exploitative economy.

Israel has Jews forbidding the sale of land to Arabs. This is said

that was confiscated from the Arabs. They are third class citizens in Israel which has a caste system utilizing a high percentage of the government's energy. Dark-skinned, non-European Jews are labeled "Mizrahim" by racist European Jews and when sabotage occurs, Mizrahim Jews have to run from the streets along with Arabs. Arabs who are Israeli citizens have to carry ID papers at all times and travel passes when leaving their villages. Check points set off all occupied areas and are stationed throughout Israel where there is Arab resistance activity. Travelling European Jews are rarely, if ever, asked for papers; all other people have papers checked and are frequently searched.

Many Jews in Palestine have seen the Israeli government become the fascist, racist appendage of American interests there and have spoken out. Most of these people have been forced to leave the country or have been

arrested. The Communist Party in

Israel (still holding some seven seats in the Knesset) is experiencing repression and is not allowed to hold mass meetings or demonstrations. Their platform continually demands the return of Arab lands. In May, 1967, a May Day celebration in Nazareth was brutally smashed by the IDF (Israeli Defence Force) and no open meetings have been held since. Religious meetings are now called on short notice and the word is passed person to person.

The Israeli Socialist Organization has seen severe repression since it's formation. Members who are still in Israel meet secretly and if discovered conducting meetings, wearing socialist badges or distributing their newspaper to Arabs or students, are jailed or forced to leave the country. Their newspaper has not been openly distributed for two years to the Arab villages and when distributed are caught, severe beatings and tortures are the result.

Student demonstrations are illegal now and have been repressed since 1964 when a pacifist student led a demonstration in Jerusalem demanding the return of confiscated Arab lands. The demonstration was broken up and he spent eight months in jail. The lands were not returned. Repression of student dissent since has been severe and, unfortunately, effective. Many students leave the country to join safer, more developed movements in Europe.

The Popular Front for the Liberation of Palestine, Al Fatah and the Palestinian Liberation Organization are not, to quote just "a bunch of Arab hoodlums." They are people's movements in effect toward socialism. YES, like the early stages of the Democratic Republic of Vietnam, the Democratic People's Republic of Korea, the Chinese Communist Party, OLAS and like the vanguard in this country. The Israeli Defence Force does not represent the interests of the Native Palestinians.

Dear Sir:

Marine Sgt. Ernest Jones Jr. and PFC. Warren H. Arad who form the military national abolition force organization in Marine Corps Base Camp Lejeune N. C. and launched attacks on Klu Klux Klansmen and the white racist in the Carolinas are presently doing 15-22 years a piece in the Carolina's prison system. Most are appealing their sentences and are petitioning the higher court for redress of unconstitutional sentences. Jones and Arad, fought a gun battle with the Cumberland Co. Sheriff Dept., armed with carbines, shotguns, P-38, 45 auto and (1) grenade. The Jet 1968 Nov or Dec carried a full page coverage as well as other newspapers, e.g., Afro-Amer., Hustler - (Hustler, Walker, Cronkite and local newspapers. How can there be a fair trial with bias coverage of the white news media?

Sgt. Ernest Jones Jr. a ex-Marine now discharged under honorable conditions with (12) years of service has completed such schools in military training as parachute jump sch., ranger sch., escape, evasion, and survival. Grenade and counter-grenade training. PFC Warren Arad has received similar training. Both Jones and Arad hope someday to be able to look to the Black community for escape and sanctuary. The N.A.A.C.P. is hostile to both Jones and Arad and is participating in the North Carolina penal system formerly by the Black community and the Black chapter and neighborhood then wanted to preserve for the white power apparatus system.

Sincerely,

Ernest Jones Jr.

Breakfast for School Children

PAGE 14 THE BLACK PANTHER SATURDAY, DECEMBER 23, 1967

OAKLAND, California -- The National Advisory Cabinet to the Black Panther Party is working with and for St. Augustine Episcopal Church's program: breakfast in the morning for Oakland's school children in the Black community.

All children in grammar schools and growing young adults in Junior High schools can receive free, FULL BREAKFASTS in the mornings before they go to school. The first of these breakfasts will exist one hour before school hours at St. Augustine's Church, 57th and West, and the Black Community Center, at 42nd and Grove streets, EVERY SCHOOL MORNING.

The National Advisory Cabinet and church members are calling on all mothers and others who want to work with this revolutionary program of making sure that our young have full stomachs before going to school. The schools and the Board of Education should have had this program instituted a long time ago. How can our children learn anything when most of their stomachs are empty? Black people in the Black Community-mothers, welfare recipients, grandmothers, guardians, and others who are trying to raise children in the black community where racism oppresses us - are asked to come forth to work and support this revolutionary program. Food: fresh fruits, eggs, bread, and meat for the stomachs is where it's at when it comes to properly preparing our children for education. LET'S DO IT NOW. Support this community program.

Those who want to volunteer their work every morning or every other morning can come to the BLACK PANTHER PARTY CENTRAL HEADQUARTERS at 3100 Shattuck Ave., Berkeley or contact Father Sid at these numbers: 594-6484, 893-1616. Interested persons may also contact Ruth Rockford Smith at 893-3311 or sign up with other community peoples and citizens for full stomachs and better education of black children.

We urge all many mothers and other black citizens as possible to unite with this COMMUNITY-BLACK PANTHER PROGRAM. We are also asking all businesses throughout the black community to donate the necessary food and materials to prepare foods for our children. Call the Black Panther Office at 845-0193 or 845-0194. Donating of value donated to BREAKFAST FOR CHILDREN is tax deductible. Points or funds may be sent to St. Augustine Episcopal Church. Just let us know, both black and white communities and citizens, what you can donate in money, time, etc.

RESPECT

by "The Dog"

Respect is not an award, and the way to gain respect is to earn respect.

In this time in the revolution we have to really be on our job and be careful how we greet people, and what type of impression that you leave someone after you're gone away from being in the presence of others.

The respect demonstrated by the leaders and officers will be indicated down through the rank and file.

Black people, we have to understand that we are not used to being leaders. But we also have to realize that we are not used to being led, SO THEN WE HAVE TO LEARN and in the process of learning we on both the leaders and the followers are going to make a lot of mistakes and we have to learn by those mistakes and not make those same ones over again.

So instead of saying "I'm sorry," we should say, "IIS OUAL," meaning (I know what I've done wrong and understand how to avoid it the next time, and finally, "It won't happen again").

Sometimes one will have to go out of his or her way to keep being respectful, but all you have to realize is that the other party is going out of their way to disrespect you, so we see that giving out of your way is not the answer at all, and none of the things that we are used to doing, therefore we have a slight advantage in the power games.

To black people I say to you, IIS OUAL.

AS "BLACK PANTHER" MEMBERS

by PHIL GUNNETT

As Black Panther members, we have dedicated our lives to the Black liberation struggle. We have joined the political revolutionary BLACK PANTHER PARTY, but the BLACK PANTHER PARTY is a unique political party. The Panthers recognize the necessity of a armed revolution as the only way to liberate all Black people and gain complete freedom.

As Black Panther members, our duty is to heighten the conscious of all other Black people, and educate them to the aims and ideology of a Black revolutionary political power. Panthers know that our revolution might possibly be a long, hard, drawn out struggle that could encompass many years. The minds of the Black masses have been divided and brainwashed by a racist-infested bourgeoisie. Therefore, as Black Panther members, we have to engage ourselves ardently; doing small and large things, selling Black Panther newspapers, dealing with the signing of petitions, and going from door-to-door rapping to the people in our communities.

Remember, as Black Panther members, and as a motto for ever given on telling the "NIG" the Black Panther Party function for Black people as their "BLACK REVOLUTIONARY VANGUARD PARTY - THE POLITICAL FORCE NECESSARY TO BRING ABOUT FREEDOM AND LIBERATE ALL BLACK PEOPLE FROM COLONIAL OPPRESSION."

BLACK CULTURAL NATIONALISM

by BOSTON FRED NOLAN

Lately there has been a landslide of "Black Cultural Nationalism." By this I mean that instead of Black revolutionary thought, there is an excess of Black cultural nationalism thought. Too much emphasis is being placed on "I'm Black and proud, instead of "I'm Black revolutionary, going to see all Black people free."

Everywhere we turn, Black brothers and sisters are wearing "Black and Proud" buttons, long beautiful neckties, but still relating to the same system of pig oppression that gave birth to this epidemic force of Black cultural nationalism. We are caught in a catch tag. All the while it's necessary to be aware of one's own Black heritage, and to be proud, it doesn't do us any good if we fall right back into the capitalist trap.

We have jumped one of the

hurdles that was in the way by identifying with our beautiful Blackness, now we still have a whole track of hurdles to jump of us. Now we must move on to true Blackness, to a Black revolutionary consciousness.

We have stated that we oppose everything the enemy supports and support everything he opposes, and now tricky dirty Nixon has just appointed a ming-Ned-broder to head the Black capitalism campaign. Capitalism is one of the major reasons we have to go through these revolutionary changes. The trick is, just because you have a black hand plucking your pocket, doesn't make the exploitation any any quicker than it did with a white hand. So obviously we must oppose it - black or white.

The hope of the U. S. power structure move Black brothers and sisters that have "made it" to the "good examples" for the mass of

Black people in order to "Keep them in line," and keep their thing going.

He uses the same trick with Black cultural nationalism. Capitalism now makes throw-ups, athletic clothes, along with a horde of other so-called "Black things," not one stitch of false hair or manufactured thread will contribute anything to Black freedom.

When the U. S. racierigs starts supporting a so-called Blackness, it's time for free Black people to move to another level. And that level is Black revolution.

The Capitalists of this racist country will never support something that is designed to end their reign of terror. There are the aims of the Black Panther Party. The Black Cultural Nationalism tag-up is counter-revolutionary, so it should be clear which roads lead to LIBERATION and FREEDOM, for all Black people - BLACK REVOLUTION!

NEW JERSEY PANTHERS GO UNDERGROUND

by RAYMOND LEE
BLACK PANTHER
Managing Editor

The Jersey City Chapter of the New Jersey BLACK PANTHER PARTY has vowed to continue its liberation struggle against racist oppression of the black community under "no death" bombings and pig injustice. In spite of last week's assassination attempts to under- cover pigs on key leaders of the Garden State's Panther Party, Deputy Chairman Nichols said he had ordered further members underground and all out guerrilla warfare -- "to deal with the system of the power structure on our own terms."

David Rowley, New Jersey's Deputy Minister of Defense, stated that: "Party uniforms must be set aside. We can't be waiting targets for the enemy, now is the time to meet force with force, guns with guns, and fire bombs with fire bombs -- to defend our people and secure our FIVE DEM to any means necessary."

The order to get out of uniform and go underground was effective immediately, following the pigs' fire bomb attack on the New Jersey PANTHER Office December 1, by two white racist dressed in police-style uniforms. At that time, four members of the BLACK PANTHER PARTY were injured, including Deputy Chairman Carl C. Nichols, the party's chief organizer in the state of New Jersey.

New Jersey Police openly speculate that the BLACK PANTHER PARTY of Jersey City were responsible for a multiple gunning of Jersey City Pig President two days before the BLACK PANTHER Office was bombed. The PANTHERS believe the pigs machine-gunned some 400 persons in order to avoid public fury against the BLACK PANTHER PARTY for a Grand Jury investigation.

In the latest report from Chairman Nichols, he re-emphasized that "New Jersey's political corruption" "the order to get out of the gun" "it is necessary to pick up the gun."

GUERRILLA TACTICS AGAINST ILLEGAL LAWS

by JAMES GIBBS (Chicago)

CHICAGO -- On July 18th of this year, the Chief U. S. District Judge in Chicago William J. Campbell, ruled that Chicago's City Council is illegal. As a result of this decision, I and a further decision by him, September 11th, the City Council is hereby illegal but will remain that way for almost three years.

Chicago's City Council consists of 30 Aldermen (black and white), one assigned, and the Mayor Daley who sits on the President's Council.

What did Campbell say?

1. Laws and rules passed by the City Council -- now and for three years -- are vulnerable to being challenged at the dropping of an illegal governing law.

2. The boundary lines of the 30 wards, drawn in 1887, have been made null and void by Judge Campbell's ruling, based upon the "one man, one vote" principle used and by the U. S. Supreme Court. There are today 10 Chicago City legal districts. I hereby challenge as illegal city. (The ruling is final because the City did not appeal.)

3. There is no legal representation by the present Chicago Aldermen. Thus, Chicago today has no legal representation, freedom of movement law. Is anyone ready to join Mayor Daley's sex into the harbor via Boston-style?

4. Among things effected are:

-----local strip-tease provisions

-----outage Union Republic property is confiscated by the present Council

-----you name it -- if it presently is in City Council, it is illegal.

The present Aldermen situation, at public expense, efforts to distract that no longer legally exist. For example, there is no longer such a thing as a "City Ward" (and there would not be for 3 years). Who can represent something that does not exist? Anyone for closing their lights?

It would appear legal for any Chicago resident to non-violently turn off the lights and lock the illegal City Council. Lock party, anyone?

How did this Thursday package fail on Pig Mayor Daley? In the bold application by James (not lawyer) of a thing called guerrilla law, I and my co-planned in the federal suit against Daley and his City Council are laymen, anti-educated in law, and representing ourselves in court.

In its simplest form, Campbell's law means this: that

1. Campbell, a crooked, establishment judge, like Campbell was a friend of Daley, to lose his cool and blow his mind. (How? We did it by pointing out court-filed documents that he has been director of a Great Coast business-front group calling itself the Albert Einstein Foundation. We showed that Campbell publicly denies that his parole records do not out of our case. He thoughtly announced his resignation as directed, but he tried to scramble by entering two court battles to rough me up during a court session while I was sitting quietly in my wheelchair looking at my papers. I later sued for assault and battery.)

Thereafter, as reported in the news media, we engaged him in a running battle.

I had my phone tapped, falsely claiming I was a national security risk. I brought suit against him for harassment.

We spoke the U.S. to him. I brought an action against him, personally.

We ordered all proceedings in the City Council suit to be in secret for last two years. I countered it by placing him in the radio, TV, and in the local press. I existed him in the court corridors, in news conferences. I sat in the Federal Building lobby, out on the sidewalk in front of the Federal Building, anywhere and everywhere. I hammered on the point that he was interfering with the news media by blocking public hearings in the City Council suit.

When the courts are brazenly corrupt -- like Chicago -- you have to fight your court case on the street, in the news media, on the telephone, (according to court-filed documents, 18 of Chicago's state and federal judges are "named" by the Nation, see, two pages filed in court from the suppressed Daley Report, Case No. 18845, U. S. Court of Appeals, Chicago, Illinois). We let loose a veritable blizzard of words and reports of court documents about Campbell, including about the University of Chicago, I personally, U. S. Supreme Court in rebus Campbell as a business judge.

In short, Campbell's law means for law legal chamber after court as a crooked judge with the public watches. Dig up every Turner-type thing involving the crooked judge of your choice and throw it in his face in court or court watchrooms suit. Then watch him wriggle. If he tries to arrest you -- sue for false arrest. If he loses your case -- sue for violation of privacy and an invasion suit on him. (The government, through the head U. S. District Attorney, will rush in to defend him, and you will have a free-for-all.) If he loses his civil and black public trial, sue the press and the public on him (secret, your Chamber proceedings are illegal). Circulate petitions to impeach him. Give speeches telling how crooked he is.

Take any legal baseball bat, and split and splitting his head with it. In the end, he may let you win just to stop all the racket. (Campbell did just that).

SEATTLE CHAPTER CALLS FOR INVESTIGATION OF PANTHER BROTHER'S MURDER

Seattle's Black Panther Party plans to investigate the shooting death of one of its members yesterday, a spokesman for the militant group said today.

Sidney L. Miller, 26, of 1732 18th Ave., died about 1 p.m. yesterday after being shot during an attempted robbery by a West Seattle storekeeper.

Curtis R. Harris, the party's lieutenant of defense, told newsmen today the party had begun collecting accounts of the shooting.

HARRIS said he had learned that Miller was looking for a job yesterday. He theorized that Miller was mistaken for a hoodlum man when he went into the store to look for a job.

Harris said the party had

obtained two lawyers to investigate and that the slain man's parents also are sending lawyers from Chicago.

"I don't think he was robbing (the store) — he was a faithful member of the party," Harris said.

Harris said he hoped the incident would not reflect badly on individual members of the party.

"Take it out on the party," he said, "but judge a person as a person."

SEVERAL members of the party displayed rifles and shotguns at the press conference today, held in the rain outside the group's headquarters at 1171 1/2 34th Ave.

Bobby White, lieutenant of information, read a prepared

MURDERED BY PIG MERCHANT

statement. He said the conference was called to alert "oppressed peoples of the city" in attacks against party members by "racist elements."

The attacks, he said, are representative of "increasing disregard and hatred of all black people."

White said all blacks and all sincere whites must "think for themselves and in their own interests." He accused the "justice system" of attempting to strip black people from getting their education.

He said people must not turn away from the party, but have been turned away and "disappointed" about it and how to turn it.

Angus Davis, leader of the party's political program, said an anti-poor law was being passed in Seattle for a "United Brotherhood" and "abolition" among all blacks in America to determine their will and national destiny.

ANOTHER member, Cheryl Northington, identified as a substation leader, said the party was aware of black people being victimized by hoodlums and thieves.

He said the party's position is that a black person should not steal as much as a "needle or thread" from another black. Those who do, he said, will be "taken care of" by the party.

Party officials said they plan a memorial service for Miller, a Panther for about a year.

The Angeles group is making funeral arrangements. Burial will be in Chicago. Panthers will post a review at the mortuary tonight.

POPE TO PAY TAXES IN ROME

The Roman Catholic church, the original "establishment," has agreed to start paying taxes—but only on a small portion of its vast financial holdings.

The Vatican, according to a Reuters dispatch, announced the end of a five-year battle with the taxmen, Oct. 29, by saying it was prepared to pay the Italian government taxes on dividends from Italian stocks reported to be worth from 150 to 200 million dollars.

Only high officials of the Catholic curia know how much the church is worth, but the stated total obviously runs into billions of dollars.

"The most conservative estimate that it is reasonable to make," says the London Economist, "establishes the Vatican—or rather the Pope, for his role is absolute—as far and away the world's largest shareholder, with a portfolio of quoted securities the world over totaling the equivalent of over \$2.6 billion. Of this, only about a tenth is held in Italy."

This portfolio of shares, however, is still only a fraction of the Vatican's wealth. It is known, for example, that the Catholic Church is one of the world's biggest landlords.

In Rome and many cities of Europe and North and South America, says The Economist, the Church owns acres and acres of houses and apartment buildings, office buildings, other commercial structures, and enormous amounts of land.

This does not include the untold value of the Church's art treasures and jewelry, nor the value of its ecclesiastical property—convents, colleges, shrines, churches and the like.

Church-owned businesses, such as wineries, insurance operations, publications, banks, bakeries and so forth, must also be added to the total.

In addition, the Catholic Church has controlling or debenture interest in many large private businesses. For example, three-quarters of the Rome Hilton hotel.

The Pope's gold reserves and other funds are deposited in U.S., British and Swiss banks. His financial experts are constantly alert for good investments. In the U.S., an unpublicized committee of important and well-informed laymen counsels the Vatican on its investments here.

Diplomatic privileges enjoyed by the Holy See permits the conduct of its financial transactions through all the storms of depression or war. A special Vatican bank established in 1942, says The Economist, enables the Church "to undertake transfers across closed frontiers, and it profited richly [during World War II] from the rare privilege of being able to transfer foreign exchange in a partitioned world."

The full picture of the Church's untold wealth would also have to include the holdings of local church organizations. The Archdiocese of Chicago, for example, is said to produce more annual revenue than does Vatican City itself.

Under Illinois law, the Archbishop of the Chicago diocese is set up as a "corporation sole", giving him sole possession of all the property and other assets of the archdiocese.

In Chicago, where parish priests scurry about, scowling ghost residents to take legal action against private landlords, the Archbishop is the city's biggest rent collector.

The world-wide sum of the untold wealth of the Catholic Church is staggering—and the worldly power this wealth implies is correspondingly impressive.

No wonder that in 1967, Pope Paul VI advised his business colleagues to be "reasonable and moderate in the search for profit from your services and avoid indiscreet speculations, since the general welfare of society is at stake, as well as the health of business itself."

In other words, there's no point in winning the holy golden goose that lays the untold eggs.

ITALIAN STUDENTS

ROME — Student's struggle against the decadent capitalist educational system and against the suppression of the student movement by the reactionary authorities is sweeping Italy, peaking more and more fiercely in the reactionary ruling circles of the country.

In the past few days, university and secondary school students in various parts of the country have gone on strikes, occupied schools and held demonstrations and protest rallies.

More than 10,000 students in Milan, the second largest city in Italy, held strong demonstrations on November 15 to protest against the authorities' persecution of students and to demand freedom of assembly.

7,000 striking students from secondary schools held a demonstration in protest against the violent police suppression of those students who had occupied two schools. The demonstrators angrily occupied two schools. Carrying placards and shouting slogans, the students demanded that the authorities stop the persecution and recognize their right to hold rallies in schools. The demonstration was followed by a protest rally at a square.

Meanwhile, over 1,000 students of Milan State University and Catholic University paraded in the center of the city and occupied a hotel. They turned the hotel into dormitories and hung at its entrance a streamer reading "new students' house". They distributed leaflets explaining that they were fighting for the legitimate right to studying in school and against the lack of housing for the students.

On the same day, students in Milan occupied the faculty of chemistry of the State University. They had been occupying the teachers' training faculty and the polytechnic college of Catholic University, in the same city.

On November 27, 4,000 secondary school students demonstrated in the streets in Milan.

In Campobasso, Southern Italy, more than 5,000 students held a general strike and a demonstration in the streets on November 28. They carried posters and placards inscribed with "long live unity between workers and students" and other slogans.

In Mantua, Northern Italy, over 7,000 students paraded on November 28 in protest against the police suppression of students who occupied a school. They also demanded the right to hold meetings in schools.

6,000 PEOPLE IN NORTHERN IRELAND DEMONSTRATE FOR DEMOCRATIC RIGHTS

LONDON — Some 6,000 people in Anagh, Northern Ireland, Britain, held a powerful demonstration for democratic rights yesterday.

The demonstrators held a rally in the center of the city and then marched in the streets. The reactionary authorities called out some riot policemen to obstruct the march and savagely attack the demonstrators with batons, defying their order the demonstrators violently fought back with rocks and bottles. Some of them were unreasonably arrested.

Although it is only some 20 kilometers from Belfast, capital of Northern Ireland,

The people in Yenan, cradle of the Chinese revolution, who have stood on the side of Chairman Mao's revolutionary line and waged a heroic struggle against the class enemies are talking about their gains in studying and applying Chairman Mao's writings creatively in struggle.

NEW ZEALAND HAILS TRIUMPH OF CHINA'S CULTURAL REVOLUTION

WELLINGTON — The political committee of the communist party of New Zealand, in a statement in the "people's voice" today, warmly acclaim the great proletarian cultural revolution in China and the great victory of the enlarged 12th plenary session of the eighth central committee of the communist party of China.

The statement says, "In intense struggle is being waged between two powerful forces in the international arena. One of these forces represents the falling and oppressed people of the world. The other represents the exploiters and oppressors."

It continues, "at the head of the alliance of all the exploited classes and nations stands revolutionary China, under the leadership of the Lenin of our time, chairman Mao-tse-tung. At the head of the other alliance of exploiters and traitors to socialism stand the imperialist leaders and Soviet revisionist leaders."

"The struggle between the two totally opposed forces is going on in all corners of the world, including New Zealand. Every victory for the forces of revolutionary socialism and national liberation is a victory for the working class and exploited of New Zealand against the people's enemies."

"For this reason, the political committee applauds the triumph of the proletarian cultural revolution in China, which has kept China firmly on the path of revolutionary socialism against all attempts from within and without to turn China back to capitalism," the statement emphasizes.

It points out that the schemes of China's arch revisionist Liu Shao-chi to restore capitalism have been thoroughly smashed by the revolutionary workers and peasants of China under the wise leadership of Chairman Mao Tse-tung and the people of China. This is a victory of the working people of all countries.

ROCKEFELLER EXECUTIVES ABDUCTED

GUAYMAS, Sonora — More than 120 armed pigs assisted by a helicopter and two law enforcement officers searched for two abducted executives of Gov. Nelson A. Rockefeller's huge coffee plantation near here.

Striking workmen at "Coffee Robbers" plantation abducted manager Ward Smith, an American, and accountant Leon Cervantes, in back demands for a new labor agreement, according to a report in the Christian Science Monitor.

MAURITANIAN PEOPLE

NOUAKCHOTT — Mauritania armymen and civilians held a parade here today warmly celebrating the eighth anniversary of the independence of the Islamic Republic of Mauritania. Mauritania President Mokhtar Ould Daddah reviewed the parade.

The paraders held placards bearing slogans "Americans get out of Viet Nam which belongs to the Vietnamese people" "People's war is the only road for the liberation of Arab Palestine" and "Fully support the fraternal Arab peoples in opposing imperialism and Zionism."

At a session of the National Assembly after the parade, President Daddah delivered a speech in which he reviewed the achievements of the Mauritania people in the past year in developing the national economy and in consolidating their national independence, as well as in other spheres.

Referring to Mauritania's foreign policy, he declared: So long as we are united, we can struggle more effectively against colonialism and neo-colonialism which are enjoining our African brothers.

Practising the relations of friendship and co-operation between Mauritania and China, President Daddah said, "our co-operation with the people's republic of China has entered a positive and fruitful stage."

The President condemned U.S. imperialism for waging a way of aggression against Viet Nam and denounced Israeli Zionism, a product of imperialism, for forcibly occupying Arab land. He declared that the Mauritania people support the just struggle of the Palestinians and other Arab people against imperialism and colonialism.

THAI PEOPLE'S ARMED FORCES

THAILAND — The heroic people's armed forces led by the communist party of Thailand recently attacked and destroyed a commanding headquarters set up by the reactionary U.S.-Thailand clique in Chiang Mai Province, Northern Thailand, according to the "Voice of the people of Thailand" radio yesterday.

Quoting a frontline report from Northern Thailand, the radio said that on the evening of September 23, the people's armed forces of Chiang Mai Province, during its struggle and during its victory, grasped a good opportunity to make a surprise attack on the so-called "commanding headquarters" set up in Chiang Mai Province by the reactionary U.S.-Thailand clique.

Cought off their guard, the enemy were badly battered. The people's armed forces killed or wounded more than 50 enemy troops. They won this brilliant victory without suffering any casualty.

GRAVE MONETARY CRISIS

1944-45 -- Another violent storm of monetary crisis has recently swept the capitalist countries. Three principal currencies of the capitalist world -- the French franc, the British pound and the U. S. dollar -- have been hard hit financially. This precarious situation has once again increased, sharpened the acute and complex contradictions among the main imperialist countries headed by the United States, further speeding up their disintegration.

The immediate cause of the current crisis in the instability of the French franc after the devaluation of the British pound under pressure in 1948-December last year and the actual devaluation of the U. S. dollar on the free gold market under the impact of the violent struggle last spring, the French franc has been growing weaker and weaker. This is due mainly to the serious influence in France's foreign trade and the heavy blow dealt to the French capitalist economy by the massive struggle of the French workers and students in last May and June. In these circumstances, all sorts of rumors on a possible devaluation of the franc have been circulated far and wide and the "confidence" in the franc has diminished drastically at the capitalist world market.

The franc has been used by the government of De Gaulle as capital in challenging the privileged U.S. position in the financial and monetary field and in contending with the United States for political domination in Western Europe. A devaluation of the franc will inevitably deal a heavy blow at France politically. Therefore, in spite of the strong pressure from the United States, Britain and West Germany, the French government has refused to devalue the franc. When French President De Gaulle formally announced in a broadcast speech on November 24 that there would be no devaluation of the franc, he stressed pointedly that devaluation would be a bonus paid to those who have wagered on our decline". France has not only rejected devaluation of the franc; on the contrary, it has joined the United States and Britain to press for a upward revaluation of the West German mark on the ground that only this could arrest the hectic inflation and rising

But the U.S.-British-Korean idea is consistently opposed by the industrialists of the West German ruling groups. The West German government learns that centralization of the mark would lead to a corresponding rise in the prices of West German exports. It fears that this would upset the country's export trade, reduce the gold and foreign exchange reserves held by West Germany, and thus threaten its capital and political bargaining with the United States, Britain and France. That is why West German Chancellor Kiesinger has the deliberate behavior of speech, warning angrily that there would be no "unilateral neutralization of the West German mark." "It is not an American offer,"

SYRIAN PEOPLE HOLD DEMONSTRATIONS

DAMASCUS -- One hundred thousand workers, peasants, students, women and armymen held a demonstration here today in protest against a U. N. resolution on so-called partitioning of Palestine and against their determination to liberate the Arab lands occupied by Israel. The U. N. resolution was adopted 11 years ago by the United States. Syrian head of state Hafez al-Assad, government ministers and Palestinian commanders participated in the demonstration.

The demonstrators denounced U.S. imperialism and its tool of aggression, Israel, and the plots for so-called "political settlements" of the Middle East problem. They shouted: "Latter, Johnson, the Arab people will never be sold!" "Look, Israel, the Palestinian comrades will strike you hard!" They carried banners reading: "Arise! Struggle in the East, Way To Freedom!" "Comrades, Be Brave, and Be Organized!" "Step Up Comrades! Down U.S. The Imperialism!"

The demonstrators were followed by a mass rally addressing the rally, about noon. The mass rally was held in the football stadium. One reason given for the support of world imperialism and imperialism is that by U. S. military and financial support. We must show that the national leaders of U. S. support of imperialism are the cause of imperialism and colonialism."

He said that he showed many interesting things to the Arab people with the support of representatives of the Jewish community in the "pharisees" and "big-league" Jews. The "pharisees" he said, "that our Arab people have created in the heart of the occupied lands, in the support and organization. The Arab resistance is the natural, long-term and effective answer to the Jewish domination; it is the only Arab ally, and is a people's liberation war."

Obama said that the Arab people are fighting for the freedom, the existence and also the independence of their country, "it is a long battle and our potential must be matched by it," he added.

In conclusion, it was said that all systems people and military command were in positions to realize the will of Congress for the first nation.

CHINA VIEWS U.S. STUDENT REVOLT

PEKING — Several hundred students of the University of Communist, demonstrated in the campus protest against the dispatch of men to the University by munitions manufacturers to rebuild gun's barrel to serve U. S. imperialism's war of aggression. According to reports reaching here,

Students of this University had repeatedly demonstrated against the recruiting of personnel there by the Dow Chemical Co., manufacturers of napalm, and the Olin Mathieson Corp., a munitions manufacturer, both operating for the U.S. war of aggression in Vietnam.

"When it was time to announce the 'job interviews' were scheduled to be held at the university. The reactionary school authorities, for fear of the students' resistance, called in a number of bullies to guard the building in case mob of arms dealers were to 'intervene' at all."

Denying the threat of aggression, hundreds of demonstrating students, chanting slogans against war of aggression, made a thrust toward the building, and a violent scuffle with the bullies ensued. The students smashed the windows of the building with stones. The reactionary authorities of the university called in police to suppress the demonstrators. The police made 12 arrests.

With the support of white students and faculty members, the Afro-American students in San Francisco State College in California have persisted in their strike and campus riots for more than three weeks. They are protesting against racial discrimination and demanding the democratic right to hold strikes, and the reinstatement of a Afro-American teacher who teaches "Marx's," "Lenin's" before the Black Students' unwavering struggle, the president of the college was forced to resign, but was replaced later by a puppet of the racist power structure - meant to curtail the activities of a Afro-American Revolutionary teacher, George Murray, Minister of Education in the Black Panther Party.

TURKISH

ANKARA — Nearly a thousand Turkish students held an anti-U.S. demonstration in Ankara last night protesting angrily against the arrival of Robert Kennedy, the new U.S. ambassador to Turkey.

Upon the arrival of home, the demonstrating students indignantly shouted, "Tashere Pig Go Home!" "an Independent Turkey!" and other slogans. They also demanded the U. S. embassy officials who were at the airport to meet them.

When the roll-up, of four of the indigenous paramilitary Turkish battalions, the U.S. plane carrying them, lurked to the end of the runway, all landing, were bound to instantly get into a hot war with the U.S. Under the escort of several hundred of Turkish troops and armed police, Kocak's plane was ordered to avoid the danger by flying at a low altitude and then to be better sheltered.

Before taking up the post of ambassador to Turkey, K. was the U. S. Deputy Ambassador to the South Vietnamese government - a job butcher with his hands stained with the blood of South Vietnamese people. He had worked for 12 years in the U. S. Central Intelligence Agency. He is a private, not a secret, proponent of being at the two days before his arrival in Turkey. Turkish students organized an anti-United Nations rally at the airport, declaring him "permanently crazy," and called on the people to drive him off the airport.

**LATIAN PATRIOTIC
FIGHTERS WIPE OUT
LARGE NUMBER
OF ENEMY TROOPS**

KIDANG KHAY — The Laotian Patriotic Armed Forces and people have recently inflicted many casualties on the enemy, reported the "Pathet Lao" radio.

In the Khauk area, along Khauk Province, 30 enemy troops were killed and 14 others wounded on November 10.

The guerrilla forces in Sarabakhet Province launched a surprise attack on the command post of the enemy 33rd Battalion at Mueang, 110 km. on November 1, ending its existence. A large group of the same day, the guerrilla fighters of the same province launched an attack on the enemy, killing or wounding 15 enemy troops and capturing a quantity of weapons and other military supplies.

In February, the original army of 10,000 and guerrillas from October 10 to November 6, 1967, at a time, do many things including four officers, and seized many weapons, and some military equipment. In the same period, they also hunted down 100 different bands and some soldiers, including a number of them.

The peacetime forces, however, with the support of the paramilitary armed forces, on October 19, 1971, killed or wounded 2,000 guerrillas, thus annihilating the entire 19th and 20th fronts.

On November 12, the regular army forces and paramilitary forces launched a surprise attack on the 14th specialization company, which, on November 13, 1971, was completely destroyed. On November 14, the paramilitary forces again assaulted the 15th company, killing 10 guerrillas.

DENVER PIGS RAID AND RAMSACK PANTHER H.Q.

by Kenneth Steward
Denver Deputy Minister of Information

A very fishy country visit of the Denver Pig Department congratulated the Bride and Groom. Married December 7, 1968 at 5:00 p.m., was Deputy Defence Minister, Lauren Watson and the Colonel Minister, Mary Lou Woods.

By totally destroying the inside of the Panther headquarters at 544 Franklin Street after the reception was over and everyone was gone.

We are again shown evidence of racism through the force "Law and Order". These are some of the pictures taken by the press. We realize beyond any doubt that from this, George Jackson, the Pigs have placed his hoofed feet into his own hoggy mouth is an another beast attempt to create false propaganda. This has brought fear and confusion into our Black Community and disrupted unity, and caused many other difficulties that Black people have been faced with in the past. The purpose, however, was to intimidate Black people. But we now have come closer together and deeper in the reality that has left Black people so far apart in the past.

We will send more information to inform our Black brothers and sisters of our political aggressiveness on higher Revolution levels in reach of the Black Community.

FEDERAL SUIT FILED

Seven ardent leaders, four Berkeley professors and three Bay Area clergymen have filed a suit in Federal District Court, San Francisco against Oakland's Pig Chief Charles Galt, and Alameda's racist County District Attorney Frank Coakley.

The suit, which is to be argued in Judge Wolensberg's court on THURSDAY, DECEMBER 10, at 10 A.M. charges that Galt and Coakley have acted in a manner intended to have "an inhibiting effect upon the exercise of First Amendment rights in Alameda County."

It contends that Chief Pig Galt has threatened to repeat his violent interference with future protests organized to protest American involvement in Vietnam and the Selective Service System.

It lists nine specific instances in which Coakley has acted to deprive the plaintiffs of their First Amendment rights including the use of high bail, preventive arrests prior to meetings and assemblies, and inducing seven of the plaintiffs under the California conspiracy law, Section 182 (1) of the Penal Code, after persons inspired by radio broadcaster Pat Michaels pressured him to do so.

The plaintiffs contend that these actions were designed to intimidate and deter them and other citizens from exercising their rights to protest the Vietnam war.

They are asking the Federal Court to enjoin, by an injunction, both Chief Pig Galt and Coakley from similar acts and to declare Alameda County's prosecution of the seven leaders of last year's "Stop The Draft Week" unconstitutional. The "Oakland Seven" are due to go on trial January 13, for "conspiracy".

The conspiracy charge is a felony, although the Seven are accused of conspiring to commit a variety of misdemeanors. The suit asks the Federal Court to declare the California conspiracy law unconstitutional citing the First and Fourteenth Amendments, and numerous legal precedents. The most noteworthy of these precedents is *Dombrowski vs. Utter*, a 1965 case where a Federal Court in Kentucky decided a similar law was unconstitutional because it provided a "chilling effect" upon exercise of First Amendment rights.

The Oakland Seven are Frank Bantrose, Terry Cannon, Benoit Thrill, Steve Henthorn, Dan Mandel, Jeff Segal, and Mike Smith, all antiwar activists.

They have been joined in the suit by Professors Richard Lickona, Philosophy, Peter Dink, English, Richard Bernstein, Zoro, and Louis Werry, all of the University of California, Berkeley.

The three clergymen joining in the suit are Father John Brennan (Broom, Father James Connors, and Rev. J. Raymond Cope.

Most questions and objections with this may be answered right in the courtroom in the conspiracy law suit expected to start the hearing.

There will also be a press conference to discuss the suit. Concerns Federal Courtroom on December 10, at 10:00 A.M., or when the hearing commences for both. A full press report will be sent of the clergymen, professors and activists who are pressing the suit.

Attorneys for the plaintiffs include Charles Galt, Edward Grey, Albert Henthorn, Robert F. Freshair, and Richard Judge.

OCTOBER 1966 BLACK PANTHER PARTY PLATFORM AND PROGRAM

WHAT WE WANT

WHAT WE BELIEVE

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the white man of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like Black people, are being victimized by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

The program is usually divided into one section of ten points entitled "What We Want" and then ten paragraphs explaining these points in a section entitled "What We Believe." For the sake of clarity, we have put each one of the ten points in "What We Want" immediately above its corresponding paragraph in "What We Believe."

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing the powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
